

# Enterprise Mobile Solutions

## Introduction

This Service Schedule contains further terms that apply to Mango Mobile Services in addition to Mango's Standard Terms, Agreements, and your Application.

## Service Description

The Mango Mobile Service is a post-paid SIM Only service for use within Australia operating on the Optus network. The service allows you to make and receive calls and text messages, access the internet and use mobile data. The data is shared across all Services from a common data pool.

## Minimum Term

Mango Mobile SIM Only Service is supplied on a rolling month-to-month basis. You can terminate your Service at any time, but any unused balance will not be refunded to you. This clause may be superseded by specific arrangements/agreements made with you.

## Compatible Devices

To use our Mobile Service, you will need a compatible mobile device which must be compatible with the 700MHz, 1800MHz and 2600MHz bands.

It is the responsibility of the end-user to ensure their device will be compatible and/or optimally perform with the Optus Mobile Network at any given time.

## Shared Data

Our Enterprise Solutions has shared data across all Services. This means that all the registered mobile Services under within the Enterprise account share and utilise a common data pool. There are no individual Data limits.

## Excess Data

We'll notify you when you've reached 50%, 85% and 100% of your monthly Data allowance. If you exceed your monthly allowance, a Data Bolt-On will be automatically applied to your Service and will be charged on your next invoice.

Data Bolt-Ons are charged at \$25/5GB.

## Billing

Automatic payments via credit, debit or charge card are required for our Enterprise Mobile Solutions.

Recurring charges are payable monthly in advance, with automatic deductions at the start of each billing cycle. Your bill is issued on the same date each month and will contain details relating to the charges payable by you (including applicable taxes). Dishonour fee of \$10 applies.

If you do not pay a bill on time, Mango may take action to suspend, limit or terminate your service.

By signing up to our Enterprise Mobile Solutions, you are agreeing to Mango's automatic payment terms at

## Cancellation

You can cancel your plan at any time, but you won't receive a pro-rata refund for the remaining portion of your billing cycle. Any related payment plan will be cancelled, and any unused balances, inclusions, allowances, and access fees will be forfeited and non-transferable. You'll need to make a one-time payment to settle any remaining payments and outstanding charges.

## Fair Use Policy

You must comply with our Fair Use Policy and not use your Service in an unacceptable, unreasonable or fraudulent manner, or in a way that detrimentally interferes with the integrity of, or causes significant congestion to, the network. We may take steps to monitor and ensure compliance with this policy, including suspending or cancelling your Service.

## Phone Numbers

When you want to transfer your mobile number from one service provider to another, this is known as "Mobile Number Portability" (MNP). MNP allows you to retain an existing mobile number when changing service providers, a process referred to as "porting". Please note that only active mobile phone numbers can be ported. It is your responsibility to ensure that the mobile phone number is active and can be confirmed by contacting your current provider.

If you do not want to keep an existing mobile number, or require a new one, Mango will provide a new number for any assigned SIMs under your Enterprise agreement.

If you choose to transfer your mobile phone number to another mobile service provider on a different network, Mango will make reasonable efforts to facilitate the transfer.

## Account Details

You are required to ensure that your account details, including your contact phone number and email address, are kept up to date. This is essential for Mango to communicate important information related to your service. Mango will be considered to have fulfilled this obligation if an SMS or email has been sent to the most recently provided phone number or email address.

You must ensure that you safeguard your account information, passwords, data, and equipment. Mango is not liable for any loss or damage you may incur due to a failure to uphold security measures as outlined in this clause.

## Personal Information

The protection of your personal information is a top priority for Mango. By using our services, you are providing Mango your

consent to use your personal information in accordance with our Privacy Policy, available on our website or by contacting us.

Your consent extends to Mango utilising any end-user information generated or received in the provision of the Mobile Service to you for internal business purposes, including analysis for general marketing purposes.

#### **Lost, Stolen or Damaged SIM Cards**

Contact Mango Customer Support immediately in the event a SIM card is lost, stolen or damaged. You are responsible for all charges on your service until you contact Mango Customer Support.

### **Other Information**

#### **Usage Information**

You can monitor your data usage by logging into My Account at [mangomobile.com.au/myaccount](http://mangomobile.com.au/myaccount)

#### **Changing your plan**

We may make changes to your plan, including to the price or inclusions. This could mean switching you to a different plan, which may cost more. We'll notify you at least 30 days prior for any changes to your plan. If you don't like the changes, you can switch to another eligible plan or cancel your plan (See Cancellation).

Keep in mind that you can change your plan once per billing cycle, and you may forfeit any inclusions, unused balances, and allowances.
